

— ATLANTIC — SEA FARMS™

GOOD FOOD SHOULD DO GOOD™

ATLANTIC SEA FARMS™ IS WOMAN-RUN, MISSION-DRIVEN,
AND CREATING A BETTER FUTURE THROUGH FOOD

We're here to prove that regenerative,
family-farmed seaweed is the most
CLIMATE FRIENDLY FOOD ON THE PLANET.
Join us in building a better future for our
environment, our coastal communities,
and our consumers.

SEA VEGETABLES FOR CENTER OF PLATE

We're putting the plant back into plant-based with nutritious, flavor-filled vegetables from land and sea.

VEGAN | GLUTEN FREE | NON GMO
6g PLANT-BASED PROTEIN | FROZEN

SEA VEGETABLES AS AN EVERY DAY SIDE AND CRAVEABLE CONDIMENT

Fermented, crunchy, briny, umami-packed and ready for rice and noodle bowls, sandwiches, wraps and tacos.

LIVE FERMENT | GLUTEN FREE
SMALL BATCH | REFRIGERATED

SEA VEGETABLES FOR SMOOTHIES

Antioxidants, iodine, and micronutrients provided by superfood fruits, seeds, and marine greens.

VEGAN | GLUTEN FREE | NON GMO | FROZEN

SEA VEGETABLES AS YOUR SUPERFOOD GREENS

A mild green veggie that nourishes your body, is full of flavor, and easy and fun to cook with.

VEGAN | GLUTEN FREE | NON GMO | FROZEN

GOOD FOOD SHOULD DO GOOD™

Creates opportunities for fishing families to adapt to climate change.

One of the most nutrient dense foods on the planet.

Contains anti-inflammatory compounds and antioxidants.

Is a zero input, regenerative crop.

Improves ocean health.
