AND MORE!

— ATLANTIC — SEA FARMS™

Atlantic Sea Farms™ is a woman-run, mission-driven seaweed farming company. We are dedicated to making a powerful and positive impact on the health of our customers, our coastal communities, and our planet by creating delicious products made from regeneratively farmed sea greens.

Kelp is a great source of iodine, an essential nutrient that helps support thyroid health.

Kelp is one of the most nutrient dense foods on the planet.

Kelp contains cholesterol-lowering soluble fiber.

Kelp contains anti-inflammatory compounds and antioxidants.
